### • **Homework (Due Every Friday)**

Please make sure you write your initials and remind your child to write his/her name on the top of the homework pages.

Chinese characters writing practice and math problems practice.

### • **Chinese Literacy Weekend Practice**

Instead of having students bring the Chinese textbooks home to read over the weekend, students will bring a copy of the lesson's text home after we have practiced in the class and students are able to read on their own.

Due to the different lengths of the text in various lessons, students will not bring the copy of the text on a weekly basis, it will be sent home once students are able to practice saying the text on their own.
